

1. MATERIAL AND SUPPLY COMPANY IDENTIFICATION

Product name: **GLOSSWASH**

Recommended use: Self Shining Car Wash

Supplier: Cleveland Cleaning Supplies
ABN: 97 164 456 553
Street Address: 23 Forrester St,
Kingsgrove NSW 2208
Telephone: 1300 760 765 or +61 2 9503 0100
Facsimile: +61 2 9503 0199

Emergency Telephone number: 1300 760 765 (Weekdays 8:00am to 5:00pm AEST)
13 11 26 Poisons Information Centre (24 hours)
000 (24 hours)

2. HAZARDS IDENTIFICATION

Hazardous According to information referenced by Safe Work Australia
Non Dangerous Good According to the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG7)

Signal Word

Warning

Hazard Classifications

Acute oral Toxicity – Category 4
Acute Dermal Toxicity- Category 4
Acute Toxicity Inhalation – Category 3
Serious Eye Irritation – Category 1

Hazard Statements

H302 Harmful if swallowed
H312 Harmful in contact with the skin
H319 Causes serious eye irritation

General Precautionary Statements

P101 If medical advice is needed have product container or label at hand.
P102 Keep out of reach of children.
P103 Read label before use.

Prevention Precautionary Statements

P280 Wear protective gloves, clothing protection and eye and face protection

Response Precautionary Statements

P301+P330+P331 If SWALLOWED rinse mouth, DO NOT induce vomiting
P301+P312 If SWALLOWED call the Poisons Information Centre, phone 131126 (Australia only)
P303+P361+P353 If ON SKIN or HAIR remove immediately all contaminated clothing. Rinse skin with water.
P305+P351+P338 If in EYES rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do, continue rinsing.

Storage Precautionary Statement

P405 Store locked up.

Disposal Precautionary Statement

P501 Dispose of contents/container in accordance with local or national regulations.

Poisons Schedule: NA

3. COMPOSITION INFORMATION

NAME	CAS	PROPORTION
Coco Diethanolamide	68603-42-9	<10%
Benzenesulphonic acid , Sodium Salt	25155-30-0	<10%
Ingredients determined to be non-hazardous		Balance

4. FIRST AID MEASURES

SWALLOWED	Rinse mouth with water. If swallowed, do NOT induce vomiting. Give a glass of water to drink. Never give anything by the mouth to an unconscious patient. If vomiting occurs give further water. Seek medical advice or contact Poisons Information Centre on 13 11 26
EYE	Immediately flush the contaminated eye(s) with luke warm, gently flowing water for 15 minutes, holding the eyelid(s) open. Seek immediate medical advice.
SKIN	If skin or hair contact occurs, flush off with water.
INHALED	If symptoms are experienced, remove source of contamination or move victim to fresh air.
FIRST AID FACILITIES	Ensure eyewash facilities are available in workplace

Additional Information / Aggravated medical conditions:
No known effects

5. FIRE FIGHTING MEASURES

Hazchem Code: Not applicable

Suitable extinguishing media: Use water spray and fog

If safe to do so, move undamaged containers from fire area – Do not approach hot containers. Cool containers with water before handling

If impossible to extinguish fire, protect surroundings, withdraw from area and allow fire to burn.

May liberate toxic or flammable gases when heated or by chemical reaction.

Special protective precautions and equipment for fire fighters: If large amounts are involved wear SCBA and chemical splash suit.

6. ACCIDENTAL RELEASE MEASURES

Restrict access to area until completion of clean up. Prevent material from entering sewers. Stop or reduce leak if safe to do so.

SMALL SPILLS

Stop leak if safe to do so. Contain spillage, then collect with noncombustible absorbent material, (e.g. sand, earth, vermiculite). Place in container for disposal according to local / national regulations (see section 13). Flush away traces with water.

LARGE SPILLS

Restrict access to area until completion of clean up. Prevent material from entering sewers. Stop or reduce leak if safe to do so.

Review federal, state and local government requirements prior to disposal.

7. HANDLING AND STORAGE

Storage Incompatibility Incompatible with acids
 Storage Requirements Keep out of reach of children. Keep container tightly closed. Store in suitable labeled containers.
 Handling Precautions Avoid contact with skin and eyes. Wash hands thoroughly after handling.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

National Occupational Exposure Limits:

Substance	TWA		STEL	
	ppm	mg/m3	ppm	mg/m3
Coco Diethanolamide		2		Nav
Benzenesulphonic acid , Sodium Salt		Nav		Nav

As published by Safe Work Australia.

TWA - The time-weighted average airborne concentration over an eight-hour working day, for a five-day working week over an entire working life.

STEL (Short Term Exposure Limit) - the average airborne concentration over a 15 minute period which should not be exceeded at any time during a normal eight-hour workday.

These Exposure Standards are guides to be used in the control of occupational health hazards. All atmospheric contamination should be kept too as low a level as is workable. These exposure standards should not be used as fine dividing lines between safe and dangerous concentrations of chemicals. They are not a measure of relative toxicity.

If the directions for use on the product label are followed, exposure of individuals using the product should not exceed the above standard. The standard was created for workers who are routinely, potentially exposed during product manufacture.

Engineering Measures: Good general ventilation is sufficient.

Personal Protection Equipment:

Respirator None required
 Eye Protection No special protective equipment required, however safety glasses may be worn.
 Gloves None required however suitable gloves may be worn.
 Clothing No special protective clothing required

Hygiene measures: Keep away from food, drink and animal feeding stuffs. When using do not eat, drink or smoke. Wash hands prior to eating, drinking or smoking. Avoid contact with clothing. Avoid eye contact and repeated or prolonged skin contact. Avoid inhalation of vapour, mist or aerosols. Ensure that eyewash stations and safety showers are close to the workstation location.

9. PHYSICAL AND CHEMICAL PROPERTIES

Form: Liquid
 Colour: Deep Blue clear
 Odour: Perfumed
 Solubility in water: Miscible
 Density: 1.035
 Relative Vapour Density (air=1): Not determined
 Vapour Pressure (20 °C): Not determined
 Flash Point (°C): Non flammable
 Boiling Point/Range (°C): Approx 100°C
 pH: 9.8

N Av = Not available, N App = Not applicable

10. STABILITY AND REACTIVITY

Chemical stability:	Stable under normal conditions of storage and use
Conditions to avoid:	None known
Incompatible materials:	None known
Hazardous decomposition products:	None known
Hazardous reactions:	No dangerous reaction known under conditions of normal use.

11. TOXICOLOGICAL INFORMATION

Data not available

Symptoms or effects that may arise if the product is mishandled and overexposure occurs are:

Acute Effects:	Data not available
Inhalation:	Irritating if inhaled.
Skin Contact:	May be Irritating to the skin
Ingestion:	May cause abdominal pain, diarrhoea and nausea. Concentrated solutions can cause severe injury unless washed out immediately and given urgent medical treatment.
Eye Contact:	
Sensitisation: Inhalation:	No known effects.
Sensitisation: Skin:	No known effects.
Aspiration hazard:	No known effects.
Specific target organ toxicity (single exposure):	No known effects.
Chronic Toxicity:	No known effects.
Mutagenicity:	
Carcinogenicity:	No known effects.
Reproductive toxicity (including via lactation):	No known effects.
Specific target organ toxicity (repeat exposure):	No known effects.

12. ECOLOGICAL INFORMATION

Biodegradable

Acute aquatic hazard: Data not available
Long-term aquatic hazard: Data not available
Ecotoxicity: Data not available
Persistence and degradability: Data not available
Bioaccumulative potential: Data not available
Mobility: Data not available

13. DISPOSAL CONSIDERATIONS

Persons conducting disposal activities should ensure that appropriate personal protection equipment is used, see "Section 8. Exposure Controls and Personal Protection" of this SDS.

Dispose in accordance with local, regional, and national regulations.

14. TRANSPORT INFORMATION

UN Number:	None Allocated
Proper Shipping Name:	None Allocated
Dangerous Goods Class:	Not Classified
Subsidiary Risk:	None Allocated
Packing Group:	None Allocated
Special Precautions for User:	Refer to "Section 8. Exposure Controls and Personal Protection" of this SDS.
Hazchem Code:	Not applicable

15. REGULATORY INFORMATION

This material/constituent(s) is covered by the following requirements:

All components of this product are listed on or exempt from the Australian Inventory of Chemical Substances (AICS).

16. OTHER INFORMATION

Reason for issue: Format Change

This information was prepared in good faith from the best information available at the time of issue. It is based on the present level of research and to this extent we believe it is accurate. However, no guarantee of accuracy is made or implied and since conditions of use are beyond our control, all information relevant to usage is offered without warranty. The manufacturer will not be held responsible for any unauthorised use of this information or for any modified or altered versions.

If you are an employer it is your duty to tell your employees, and any others that may be affected, of any hazards described in this sheet and of any precautions that should be taken.

Safety Data Sheets are updated frequently. Please ensure you have a current copy.
