

## PEST CONTROL REGISTRATION - VICTORIA

### PEST CONTROL BUSINESS REGISTRATION NO LONGER APPLICABLE

For many years prior to January 2002, pest control businesses were required to be registered with the Victorian Department of Human Services.

In June 2001 amendments were made to the Health Act 1958 as a result of the National Competition Policy review of the Act.

One of these amendments was the repeal of the requirement for pest control businesses to be registered, effective from 1st January 2002.

Should verification be required please contact:-

*Department of Health  
Pest Control Program  
Phone: 1300 887 090  
Email: pestcontrol@dhhs.vic.gov.au*

### TECHNICIANS LICENCES

Whilst business registration is no longer applicable in Victoria, individual technicians are required to be licensed by the Victorian Department of Health.

We have more than fifty technicians at Adams. In theory, any one of these may be required to attend your premises in an emergency, although we do manage to achieve a high level of continuity in attendance.

As it is impractical to supply copies of numerous licences you are able to obtain a copy of any technicians' licence by contacting Adams Pest Control directly on: 1300 933 789 or 03 9645 2388.
