DIRECTIONS FOR USE

DO NOT apply to excessively wet surfaces or on deposits of ice and snow or in freezing conditions.

Situation	Pest	Rate	Critical Comments
Ledges, sills, beams etc. in Commercial and Industrial Buildings where exotic birds roost.	Pigeons Sparrows Starlings (non protected birds)	250g per 4 - 5 lineal metres.	Apply using a caulking applicator in strips 5 - 8mm thick in a worm-like path. With wider surfaces it may be necessary to repeat at 20mm intervals. Leave 1cm gaps at intervals to allow water run-off.

NOT TO BE USED FOR ANY PURPOSE, OR IN ANY MANNER CONTRARY TO THIS LABEL UNLESS AUTHORISED UNDER APPROPRIATE LEGISLATION.

GENERAL INSTRUCTIONS READY TO USE

Mode of action

Because of the soft pliable nature of the material, the birds experience feelings of insecurity and discomfort, as a result will not settle on areas treated with this product.

Preparation

Remove all contamination i.e. dirt, rust, bird droppings from surfaces to be treated. On porous surfaces a sealer such as "Scarecrow Protecta Coat" should be applied before using this product.

Maintenance

Inspect protective strips at 6 monthly intervals. Remove or replace any of the products that has been damaged or flattened.

Removal

To remove this product scrape excess away and wash with kerosene.

PROTECTION OF WILDLIFE AND OTHERS

Do NOT apply to areas used for the preparation, storage or handling of foodstuffs. Do NOT contaminate ponds, waterways or drains with the chemical or used containers. Do NOT apply where protected or non-target bird species may become entrapped.

STORAGE AND DISPOSAL

KEEP OUT OF REACH OF CHILDREN

Store in the closed, original container in a cool dry, place out of reach of children.

DO NOT store in direct sunlight. Dispose of empty container by wrapping in paper, placing in plastic bag and putting in the garbage. Do NOT burn empty containers or product.

FIRST AID

If poisoning occurs contact a Doctor or Poisons Information Center. Phone Australia 131 126 or New Zealand 03 474 7000

MSDS

Additional information is listed in the Material Safety Data sheet.

DISCLAIMER

Scarecrow Bird Repellent is supplied as a high grade product and is suitable for the purpose which it is expressly intended and must be used in accordance with the directions for use at all times. The user must monitor the performance of any product as climatic and/or geographical variables may effect the results obtained. No responsibility is accepted in respect of this product, save for those non-excludable conditions implied by the Trade Practices Act or any relevant State legislation.
